Payment terms

Goods invoiced in sterling.

Quoted prices exclude VAT.

You can open an account or pay by Credit Card, Cash, Cheque, Bacs, or Corporate Purchase Card.

Returns

A restocking charge may be applied to catalogue items returned in original condition.

Non-catalogue items are non-returnable.

If goods are received damaged, notification is required within two working days.

Customer Satisfaction

In the event of a complaint, our system ensures that matters are dealt with promptly and efficiently.

New Products

Our aim is to be at the forefront of the market place by consistently introducing new products and systems to satisfy the demands of our customers.

Environment

Summit Hygiene is committed to helping its customers by offering a range of products which have less impact on the environment and help them in their move towards reducing the carbon footprint.

Service and Delivery

Our account managers are available to demonstrate and recommend products that will provide effective solutions to meet your requirements. Deliveries are made by hauliers or our own company operated vehicles.

Other aspects to our services include:

Management reports

Trials and samples

Free site surveys

Product training

COSHH and safety regulations

aona
ReDose
 Cleaning for a greener future

Aona ReDose is our newest brand which challenges traditional cleaning and brings a highly effective eco-friendly chemical system to the market. Manufactured with naturally-derived cleaning chemicals and using a unique dosing bottle, Aona ReDose is here to revolutionise cleaning, reduce waste, and control costs. Aona ReDose considers for the future of our planet.

aona 

Aona is our brand which offers effective chemicals to the cleaning market at affordable prices. These are manufactured with minimum impact on the environment.

Hyclenz[®]

Hyclenz is an established brand offering best hygiene with quality product. Whether it's combating the spread of germs, maximising hygiene or making the workplace more efficient, Hyclenz offers products which will improve your work environment and make your life at work easier.

Customer and Product Support

Making your work life easier – the Summit Way ensures we look at what your needs are as a company or individual and find the solutions to make your tasks quicker and easier.

We train our sales support team to be available to discuss your requirements and carry out site visits to show and demonstrate products before you buy them. To make it even easier we have produced informative and imaginative product videos to give you instant visual information online too.

Training

COSHH Training is available for your staff with certificates to show dates and details for your records. All COSHH data is available which can be sent via email or hard copy in the post. Cleaning equipment can also be set up and staff trained if requested.

Testimonials

“You keep your promises. You are here when you say you’ll be. You show us new innovations. Your new ideas are our new ideas. We have tried all the others and you are always the best”

Shane. *Hertfordshire County Council Facilities Manager*

(Customer was moving into their school and found that they had 24 hours to set up the whole cleaning operation. Summit arranged all the products and delivered them the same day!)

Mark “Thank you so much for getting everything ordered and delivered today, I can’t tell you how much this was appreciated”

Thank you again

Claire. *Northampton Academy Business Manager*

“Your driver always asks where to put the goods and then he makes sure that the new stock is put behind the older stock - excellent service!”

Marion. *Fernville Medical Centre Administrator*

“The Poolside Cleaner worked so well on the shower floors I took before and after pictures - it was amazing how it brought the floor up so well. I have issued it to all the cleaners today”

Helen. *YMCA, Cleaning Manager*

“Your installation team, Dave, John and Louisa were lovely to work with, they’ve done a very good job, and worked quickly, quietly and cleanly (which we don’t always see)”

Mandy. *Abbott Laboratories, Site Manager*

Summit...

Washroom hygiene

Summit supply a wide range of washroom products and dispensers including:

toilet tissue, toilet seat sanitiser, hand towels, roll towels, facial tissues, soap and odour control.

The New range of Katrin dispensers are creative as well as practical. The state of the art design is with everybody in mind and good functionality at the heart.

Toilet Rolls

- Holds 2 rolls to stop run out
- Drop down opening dispenser for easy replacement of consumables
- Transparent sides to check refill
- Lockable to deter theft

06-030 Each
HYCLENZ L1 MINI TOILET ROLL WHITE
06-032 12 Rolls/Unit

- Dispenses only 1 sheet at a time
- Cuts down on paper consumption
- Roll lies flat in dispenser which prevents paper collapsing and jamming

Prevent the build up of uric scale and stains in the urinals

AutoClean Sanitiser

- The Autoclean Sanitiser reduces scale and helps eliminate bad odours at source to maintain a fresh washroom with this simple automatic dispenser.
- The dispenser can be programmed to feed measured amounts of cleaner into the pipework. This controlled operation is hassle free and saves costly call outs to repair scaled up pipes and urinals.
- Easy to install

AutoClean Refills

- The Bio Purinell prevents uric scale build up and maintains pipes.
- Long lasting 300ml refills.

BEST SELLER

Lockable

Highly recommended for **Schools, Colleges and Universities**

Holds 3 rolls of paper in the robust dispenser.

370mm

Easy turn wheel to gain access to next roll - only when previous rolls are used up.

Did you Know?
The toilet roll is the second most stolen item in offices after the paper clip!

Available in 5 colours

- Unique 3 roll dispenser.
- Reduces refill and maintenance time.
- Easy to top up in use.
- Dispenser need never run empty.
- Lockable.
- Very robust to withstand heavy use.
- Toilet tissue has been awarded the Green Eco label.

REVOLUTION TRIPLE TOILET ROLL DISPENSER

06-060 (colours)

SIDE BY SIDE TOILET ROLL DISPENSER

06-065 (colours)

ECOSOFT 1 PLY 1250 SHEET ROLLS

06-071 36 Rolls/Unit

ECOSOFT 2 PLY 625 SHEET TOILET TISSUE

06-070 36 Rolls/Unit

LUXURY ECOSOFT 525 SHEET TOILET ROLLS

06-072 36 Rolls/Unit

Tightly wound rolls provide over triple the paper compared with conventional 200 sheet rolls. This reduces storage space required, transport costs and the overall impact to the environment.

Outer wrapper ensures no toilet tissue is wasted and keeps paper protected

Outer wrapper is flushable and breaks down in 19 seconds

Ecosoft paper breaks down in water quicker than conventional toilet rolls - **solves issue of blocked drains** - see page 23

Toilet tissue has gained **Eco flower accreditation**

Holds 2 rolls of paper. Can be refilled when first roll is used, ensuring tissue is available

Empty cores are collected inside the dispenser preventing cores littering the floor.

Second roll only accessible once first roll is completely used up.

Semi-transparent window so that contents can be checked without opening.

171mm

275mm

122mm

Available in 5 colours

Colour matching Dispensers

Compliment your washroom...
Matching range of dispensers.
See page 23, 24 & 39

The problems with single jumbo dispensers...and bulk pack systems:

Often rolls are replaced before they are used to prevent paper running out.
Result...

- Up to 20% wastage
- Hygiene issues
- Untidyness
- Blocked drain problems

Often loose sheets of bulk pack tissue fall on the floor.
Result...

- Untidy
- Unhygienic
- Wasteful

The Twin Roll Solution

'Crimped' key lock design prevents pilfering

Neat and compact a clean modern design

Twin roll capacity ensures no wastage, all roll is used and dispenser can be refilled during convenient cleaning times.

Unique slide mechanism prevents simultaneous use of both rolls

High capacity - houses 250m of quality 2-ply tissue which means reduced frequency of refilling.

= 20 rolls of 200 sheet toilet roll

= 5 sleeves of bulk pack

Highly recommended for **Schools, Colleges and Universities**

- Hygienic - only touch the paper you use.
- Reduced service time as clear front allows contents to be monitored without opening.

06-019 Each

HAND TOWEL ROLL BLUE 150m

04-005 6 Rolls/Unit

HAND TOWEL ROLL WHITE 150m

04-004 6 Rolls/Unit

Efficient

- Transparent cover means easy viewing of paper status.
- Durable ABS plastic - means units are less likely to break and need replacing.
- Product is dispensed flat so the full surface area of the towel is used

Hygienic

- Roll is fully enclosed and protected within the unit.
- User only touches his/her sheet - no cross contamination.

MECHANICAL HANDS FREE TOWEL DISPENSER

06-083

Hygienic

- User only touches sheet used - no cross contamination.
- No contact between user and dispenser.

Cost Benefits

- Battery operated mechanism - overcomes issues of wet tabbing associated with many mechanical 'hands free' units.
- Tissue is dispensed flat to maximise surface area.
- Does not pull through continuously, controlling consumption.
- Proven reduction in average consumption when compared to standard centrefeed.
- Batteries provided separately.

MINI TEAR & DRY DISPENSER

Summit...

skincare is not just
about product

Did you Know?

All employers have a **duty of care** to their employees and are legally obliged to provide a safe working environment and carry out regular safety assessments.

Failure to do so can lead to fines and imprisonment.

Summit don't just supply a wide range of **skincare products and dispensers.**

We offer:

Dispenser Guarantees

against breakage and failure for all system ranges.

Full Site survey

to establish and recommend which products are required and their siting.

Technical support

and Training to answer questions or recommend solutions to problems encountered.

Keep **AHS** Hand Sanitiser on your desk - a daily reminder to fight germs

- Suitable for food industry and healthcare: Unperfumed
- Easy, quick drying
- Antiseptic to EN1040

AHS HAND SANITISER PUMP BOTTLE 300ml

08-005 6 x 300ml/Unit

AHS HAND SANITISER 5L

08-011 5L/Unit

Are you ready for an illness outbreak?

Employees, customers and visitors bring germs and bacteria into the workplace. Stop the germs from spreading.

80% of germs are transmitted by **hands**

Hands spread germs

Germs may cause illness

Illness costs money

“The average desk harbours over 10 million germs.”

Telephone
3895 germs per sq.cm

Desktop
3249 germs per sq.cm

Keyboard
511 germs per sq.cm

Kills 99.99% of most common germs that may be harmful

- Handy belt clips also available.
- NHS approved.
- Evaporates quickly leaving your hands feeling soft and refreshed.
- Fragrance free.
- Contains moisturisers to keep skin healthy.

CLARISAN ALCOHOL HAND SANITISER

08-017 18 x 50ml/Unit

Alcohol Free 50ml Foaming Hand Sanitiser

Effective

- Instant sanitising action.

Pleasant to use

- No gelling agents or polymers that leave a sticky residue on hands.
- Built in skin conditioners leave hands feeling soft and refreshed.
- Hypoallergenic - minimises the risk of allergic reactions.
- Foam bubbles spread four times more easily than traditional gels.

ALCOHOL FREE 50ML FOAMING HAND SANITISER

08-042 12 x 50ml/Unit

Sanitising Station

- Free standing, movable unit enables Auto Foam Sanitiser to be placed wherever needed.
- Attractive design and built-in shield beneath the dispenser to keep the surrounding area clean.
- Ideal for cafeterias, reception areas, restaurants and other high traffic areas.

SANITISING STATION STAND FOR AUTO FOAM DISPENSER
08-016

For dispensers and refills see pages 38-39

Did you know?

Over 50% of workers report being infected by co-workers

"In a study conducted in schools in the US, absenteeism caused by illness was 50% lower in classrooms that used sanitiser regularly and implemented a hand hygiene educational programme versus classrooms that did not."

- Sealed cartridge system prevents cross contamination.
- Antimicrobial protection on dispensing lever.

Economic

- 2000 hand washes per foam cartridge - excellent cost in use, low maintenance costs, suitable for busy environments.
- Dispenser will not leak, drip or clog preventing unsightly mess.
- Easy to load cartridge saves time.

Best Seller

SKIN HYGIENE CENTRE

6 Step Application Guide

1. Rub palm to palm.

2. Palm to palm and wrists, fingers interlocked.

3. Palm to back of hand and wrists.

4. Fingertips and backs of fingers into palm.

5. Thumb clipped in palm.

6. Clipped fingers into palm.

Some interesting facts

80% of infections are spread via the hands either through touching objects that are contaminated or from direct contact with people.

Studies have shown 25% of bulk refillable soap dispensers contain unsafe levels of bacteria.

75% of people said the cleanliness of the washrooms was an important factor in whether they enjoyed their jobs. 68% of people put dirty washrooms third on their list of pet hates at work.

- Robust, wipe clean, colour coded board with hand washing guide, providing complete hand hygiene.

SKIN HYGIENE CENTRE
15-068 1/Unit

Did you know?

In a recent survey water usage reduced by 16% when using foam soap compared with liquid soap

Dispenser is easy to install with strong adhesive tape or screws.

Made from strong ABS plastic which reduces vandalism.

Pouches collapse completely when empty, reducing waste.

Air is infused with the soap as it is dispensed, creating a rich, luxurious lather.

Push dispensing strengthens adhesion to the wall.

The fun soap dispenser that kids just love!

A unique locking mechanism operated by a special key prevents unauthorised entry.

At-a-glance soap level indicator.

Did you Know?

Nearly 70% of school children are put off using school toilets because of unhygienic conditions. Illness is responsible for millions of lost school days per year. That can mean significant lost learning opportunities, reduced funding and increased operating cost for substitute teachers.

Economical

- Providing just the right amount of soap per shot.
- Manufactured from tough impact resistant ABS plastic to prevent breakage and reduce vandalism.

Hygienic

- Wipe clean surface and non-drip, non-clog dispensing mechanism.

Child Friendly

- Brightly coloured dispenser with large push button attracts attention and encourages frequent use.

1L 'MR SOAPY SOAP' DISPENSER
15-027

- Mild frequent use antibacterial foaming handwash with triclosan.
- 1660 applications per cartridge.

NEW

The **it** range

This innovative new range of products has been developed especially for companies employing large numbers of cleaning staff, and where potential language barriers exist.

IT range is so named because it has been designed to simplify the information transfer to users, making the training of staff significantly easier.

Features:

- Colour coded products
- Clear pictorial Labels
- Fresh Fragrance

Benefits:

- Simplifies staff training
- Simplifies stocking and re-ordering
- Improves standards of cleaning
- Impresses staff and clients

*“We love the smell of the **it** chemicals”*

(Academy FM)

Highly recommended for Schools, Colleges and Universities

Ecoflower...

- Completely green
- Delivers outstanding cleaning results
- Fully accredited

European Ecolabel

Conformance to this standard is based on the impact of the product on the environment throughout its life cycle. Performance must be equivalent or better than market leading products in independent tests.

This means that products with this accreditation are truly green, safe for aquatic life, use less hazardous materials, are kinder to the environment and perform to the highest level.

Biodegradability

Meets the requirements of the EU Detergent Directive 2005 - 004/648/EC. This requires all surfactants to break down both quickly and completely into harmless material such as CO² and water.

Sustainability

Conforms with the DEFRA endorsed Sustainable Cleaning guidance

- Ecological – All purpose cleaner.
- Use on all water washable hard surfaces, including glass, chrome, marble and aluminium
- Apply sparingly and evenly.
- Proper dosage saves costs and minimises environmental impact.

ECO 460 ALL PURPOSE CLEANER
33-279 5L/Unit

- Ecological – Washroom cleaner.
- Removes soiling and water scale from water washable hard surfaces, including stainless steel, porcelain, ceramic, glass and plastic.
- Apply sparingly and evenly.
- Proper dosage saves cost and minimises environmental impact.

ECO 507 WASHROOM CLEANER
33-292 5L/Unit

- Ecological – Toilet Cleaner.
- Use on all toilet and urinal installations.
- Safe for use on surfaces made from stainless steel, porcelain GRP.

ECO 550 TOILET CLEANER

33-295 5L/Unit
ECOFLOWER WASHING UP LIQUID
33-296-1 12 x 1L/Unit

Supplement the action of the Biological Urinal Block by combining with Blu-Away Washroom Cleaner.

High Performance

- Removes cause of blockages and washroom odours at source.
- Maintains clear, odourless pipework with each flush.
- Helps create a pleasant washroom environment.

Maximise Water Savings

- Flushing can be reduced to 3 times a day on average.
- No requirement to disconnect plumbing or administer a special cleaning solution.

Environmentally Friendly

- Contains only biodegradable materials.
- Does not contain PDCB or other dangerous chemicals.

BIOLOGICAL URINAL BLOCKS

33-032 1.1kg/Unit

Did you Know?

Using biological urinal blocks in one single urinal alone can save about 100,000 litres of water a year. That's the equivalent to the TOTAL annual water waste of a small household.

Also see **Tagfresh** Page 30

Toilet Seat Sanitiser Page 32

- Lasts up to 28 days.
- Water soluble - won't block outlets.
- Neutralises odours.
- Helps control limescale.
- Detergent based formulation - cleans as it fragrances.

3 IN 1 URINAL BLOCKS LEMON FRESH

33-077 3kg/Unit

NEW

- Bio Sleeves are an easy fit universal water saving device for urinals
- Substantial blockage reduction
- Fit any urinal (even those adapted to accept retro fitting systems)
- Use in conjunction with other Blu Away products to maintain an odour-free, efficient and cost effective washroom environment

BIO URINAL SLEEVE BLUE 30 DAY

33-050 25pk

BIO URINAL SLEEVE GREEN 90 DAY

33-051 25pk

NEW

- P-Wave deodorising products to keep urinals and toilets smelling fresh

-P-WAVE DEODORISING WALL CUP

33-238 10pk

P-WAVE DEODORISING URINAL SCREEN

33-211 10pk

P-WAVE DEODORISING TOILET CLIP

33-212 12pk

- Prevents blockages - chewing gum, cigarette ends, etc, cannot enter urinal pipework.
- Made from flexible vinyl to fit most urinals.
- Lasts up to 40 days.

DEOD-O-SCREEN DEODORISING URINAL SCREENS

33-210 12 Screens/Unit

- Kills germs.
- Cleans, foams and freshens with every flush.
- Lasts up to 28 days.

TOILET RIM HANGER

33-079 12 x 40g/Unit

- Made of extra durable polyester and rust proof staples.

1. TOILET BRUSH AND HOLDER OPEN

33-218

TOILET BRUSH AND HOLDER SEMI-ENCLOSED

26-299

2. TOILET BRUSH AND HOLDER ENCLOSED

33-213

- Cleans, foams and freshens with every flush.
- Colours water blue.
- Helps prevent limescale build-up.

LU BLUE CISTERN BLOCKS
33-073 12 x 45gsm/Unit

- A strong acid cleaner for use on china toilet bowls and urinals (not recommended for stainless steel or chrome fittings)
- Apply with an acrylic mop

SUMMIT STRONG TOILET DESCALER
33-137 10 x 1L/Unit

- Outdoor use only.

JEYES FLUID
33-074 5L/Unit

- Use for all disinfecting.
- Safe and easy to use.
- Saves on storage space.

CHLORINE TABLETS
33-001 200 Tablets/Unit

- Specially formulated to give greater clinging power where it matters.
- Pleasantly perfumed.

THICK BLEACH
33-117 12 x 750ml/Unit
THICK BLEACH
33-118 5L/Unit

- General purpose QAC based pine disinfectant.
- BS6424: 1984(90) grade AP 50.

PINE DISINFECTANT
33-114 5L/Unit

- Disinfectant and deodoriser concentrate that kills odour producing bacteria and fungi, neutralising unpleasant odours.
- Recommended for use in washroom areas: floors, toilets, urinals and drains.
- Deodoriser Concentrate is also highly effective on waste and rubbish bins, rubbish cart, waste disposal chutes, carpets and entrance matting.

DEODORISER CONCENTRATE
33-115 5L/Unit

Stage 1 strip the floor

Use AONA Floor Polish Stripper to strip emulsion polish from linoleum, rubber, sealed wood, terrazzo and thermoplastic floors. Also as a heavy duty detergent for removal of impacted dirt from concrete, quarry tile and non-porous surfaces.

- Unlocks' metallised emulsion polish, making removal easy.
- Penetrating action rapidly loosens dirt and heavy build-ups.
- Recommended for use with all scrubbing machines.
- Effective, heavy duty detergent - ideal for all hard surface scrub cleaning jobs.

AONA FLOOR POLISH STRIPPER
40-003 5L/Unit

Stage 2 seal the floor

For all linoleum, P.V.C., rubber, terrazzo and thermoplastic floors. N.B. Do not use on unsealed wood and cork floor coverings.

- Non-yellowing polymer film.
- Does not discolour even the lightest floor.
- Penetrates and seals porous floors, provides an ideal base for emulsion application.
- Resistant to polish strippers.

AONA ACRYLIC BASED SEAL
27-223 5L/Unit

- Use to varnish sealed and unsealed wood, hardwood, parquet and block floors.
- Creates durable gloss finish.
- Easy to clean and maintain.
- Solvent-based.

CLEAR VARNISH FLOOR SEALANT
40-097 5L/Unit

For Floor Polish applicators and equipment see page 107

Stage 2 Polish the floor

For all linoleum, P.V.C., rubber, sealed cork, sealed wood, terrazzo and thermoplastic floors. N.B. Not suitable for unsealed wood, unsealed cork or laminated flooring.

- Easy to use - no burnishing required.
- Maximum scuff resistance.
- Low maintenance requirement.
- Dries to a wet look gloss.
- Protects and prolongs the life of flooring materials.

AONA WET LOOK FLOOR POLISH
40-001 5L/Unit

Polish

For all linoleum, P.V.C., rubber, sealed cork, sealed wood, terrazzo and thermoplastic floors. N.B. Not suitable for unsealed wood, unsealed cork or laminated flooring.

- A metallised polish for extreme strength and durability coupled with ease of removability.
- Non-yellowing cross linked polymer film.
- Produces a deep shine with excellent slip resistance.
- Responds brilliantly to all spray burnishing techniques.

AONA HIGH SOLIDS FLOOR POLISH
70-709 5L/Unit

Stage 3 clean and maintain the floor

For the regular cleaning and maintenance of linoleum, PVC, rubber, sealed cork, sealed wood, terrazzo and thermoplastic floors. N.B Do not use on unsealed wood and cork.

- Made from natural citrus oils and vegetable oil derived emulsifiers to be environmentally friendly.
- Ideal damp mopping solutions for all surfaces.
- Economical maintenance for polished floors - will not remove or dull polish film at recommended dilution
- Readily burnished to a slip resistant shine.
- Perfect for spray cleaning, removes dirt and heel marks with ease.

AONA LEMON FLOOR GEL
70-705 5L/Unit

Maintainer

A polish maintainer for linoleum, PVC, rubber, sealed cork, sealed wood, terrazzo and thermoplastic floors.

- Highly efficient cleaner.
- Easily burnished to a high gloss.
- Pleasant and fragrant in use.

AONA FLOOR POLISH MAINTAINER
70-707 5L/Unit

Stage 3 clean and maintain the floor

- Use on all hard floors including polished floors, marble, linoleum, wood, PVC, concrete, tiles and laminate floors.
- Low foaming
- Fresh lemony fragrance
- Self levelling formulation which dries quickly and evenly over the surface of the floor without leaving patches or smears.

FLOORIT FLOOR CLEANER
40-047 5L/Unit

- Heavy duty, low foam, alkaline cleaner, designed especially for use with scrubber drier machines.
- Water-based and fragrance-free formula for use in all industrial environments.
- Suitable for cleaning a variety of surfaces, including; concrete floors, industrial painted floors and ceramic tiles. Removes carbonised deposits, dried oil, fats, grease, general dirt, blood, protein, rubber and starch.

SCRUB KLEEN DETERGENT
40-109 5L/Unit

Highly recommended for
**Schools, Colleges
and Universities**

- Ready-to-use cleaner and disinfectant with a floral fragrance.
- Designed for daily use to maintain clean and hygienic conditions.
- Spray and Wipe cleans, freshens and kills 99.99% of bacteria (tested to BS EN1276).
- Effective against MRSA.
- Spray and Wipe can be used safely on any water washable hard surfaces.

SPRAY & WIPE BACTERICIDAL CLEANER
33-180 6 x 750ml/Unit

SPRAY & WIPE BACTERICIDAL CLEANER
33-102 5L/Unit

Optimal disinfection for use in healthcare, catering and high risk applications. Kills Norovirus, E. Coli, Swine Flu, HIV, Hepatitis C, MRSA & Clostridium difficile Passes EN 1276, 13704, 1650, 14476 & 14675 Manufactured in the UK to ISO 9001, 14001 & 18001

MICROFIBRE CLEANING CLOTH
34-017 10 Cloths/Unit

Highly recommended for
Schools, Colleges and Universities

- Cleans general dirt and marks: white boards, finger printed walls, black marker pen etc.
- No need for chemicals, just dampen the Miracle scourer in water and rub the mark away.

MIRACLE SCOURER
34-053 12 Scourers/Unit

NEW

- For quick and easy cleaning.

MICROFIBRE GLASS CLEANER MITTS
34-045

All purpose cloths - use wet for routine wiping of surfaces

- Colour options

HIGH PERFORMANCE "MULTI-NET" CLOTH

34-026 50 Cloths/Unit

Colour options: Add after code B=Blue, G=Green, R=Red, Y=Yellow.

- Machine washable.
- High wet and dry strength.
- Closed structure resists tearing and snagging.
- Sheet size 430 x 350mm.
- Colour options: B=Blue, G=Green, R=Red, Y=Yellow.

NON-WOVEN MEDIUMWEIGHT CLOTH
34-054 10 Cloths/Unit

- Supple and flexible.
- Anti-static.
- Unlike woven cloths, which trap dirt in the open weave of their fibres, dirt particles are unable to penetrate a non-woven surface, and are easily rinsed away. With little or no dirt particles to feed on, the growth of bacteria and germs is greatly reduced and the cloth stays fresher for longer.
- Colour options: B=Blue, G=Green, R=Red, Y=Yellow.
- 40gsm.

PERFORATED CLOTH ON A ROLL

34-020 2 x 500 Cloths/Unit

- Machine washable.
- Excellent dirt pick up.
- Resists growth of micro-organisms even after washing.
- Long lasting.
- Easy to rinse.
- Dries rapidly and stays fresh.
- Sheet size 510 x 360mm.
- Colour options: B=Blue, G=Green, R=Red, Y=Yellow.

OPTIMA PLUS MULTI PURPOSE CLOTH
34-027 6 x 25 Cloths/Unit

NEW

- Specialist cloth for polishing glass, ceramics, mirrors and stainless steel to a smear free shine.
- No chemicals required just use water.
- Can be used wet, damp or dry to remove dirt, grease and dust.
- Extra large size - 600 x 800mm.
- Individually bagged.

GLASS CLEANING MICROFIBRE CLOTH

34-081 1 Cloth/Unit

- Machine washable up to 15 times.
- Excellent dirt pick up.
- Resists growth of micro-organisms.
- Gives good abrasion.
- Absorbs nearly 9x its own weight.
- Dries rapidly and stays fresh.
- 65gsm.
- Sheet size 430 x 380mm.

BLUE SUPER J-CLOTH

34-041 25 Cloths/Unit

- Machine washable up to 15 times.
- Excellent dirt pick up.
- Resists growth of micro-organisms.
- 50gsm.
- Sheet size 360 x 340mm.

BLUE J-CLOTH

34-042 50 Cloths/Unit

- High quality cotton.
- Highly absorbent to prevent streaking on glass.
- 19" x 28"

TEA TOWELS

- Use with 41-011 Handle. See page 84.

SWIVEL SOCKET PAD HOLDER
34-003

■ 23 x 10cm.

HAND HELD PAD GRIPPER
34-002

- 25 x 11cm.
- For use with 34-002 and 34-003.
- Colour options:
Black, very abrasive for stripping.
Green, medium for scrubbing.
White, light for polishing.

PAD SCOURER
34-100 (White) Each 34-101 (BLUE) Each 34-102 (Black) Each

Kills H1N1,
MRSA, E Coli,
Staphylococcus,
Salmonella

- Designed to clean and kill all bacteria on hard surfaces. Ideally suited to clean food preparation areas before and after use.
- Will kill all harmful bacteria including Staphylococcus aureus, Pseudomonas aeruginosa, Escherichia coli, Candida albicans, Penicillin spp, Influenza virus.
- 1000 sheets per tub.
- Sheet size 20 x 23 cm.

SANITISING SURFACE WIPES
19-019 1000 Wipes/Unit

- Cleans hands and assists in prevention of spreading bacteria.
- Moisturising agent.
- 200 sheets per tub.
- Sheet size 20 x 30 cm.

SANITISING HAND WIPES
19-010 200 Wipes/Unit

- Cleans and leaves surfaces bacteria free.
- 200 sheets per tub.
- Sheet size 20 x 30 cm.

SANITISING SURFACE WIPES
19-009 200 Wipes/Unit

- Sanitising probe wipes are designed to clean and sanitise food probes and kitchen utensils prior to contact with food stuffs, especially meats.

SITE SAFETY HANGING SIGN A Defence against slip-fall injuries
40-006

- Easy to move.
- Extends to 4m.

PORTABLE MOBILE BARRIER
26-792

Hygiene Brushware

- Products comply with E.U. and U.S. Public Health Service Food Code 1993.
- Reliable, effective, extremely robust and easily cleaned.
- Mostly available in six colours to avoid cross-contamination.
- Can be autoclaved at 134°C.
- For environments where security of filaments is essential (e.g. food), products are available in **Resin Set** version:
 - Each tuft is stapled into the brush back with a stainless steel staple. Resin is then set into a recess on the face of the brush, covering the filaments and the staple (see diagram).
 - Unique and superior to all other methods.
 - Inhibits accumulation of dirt and moisture in the tuft holes.
 - Prevents filament pulling out.
- Manufactured specifically to clean hygienically sensitive areas in Food Factories, Dairies, Schools, Dental Practices, Veterinary Surgeries, Catering Establishments and Hospitals.

Chemical resistance data sheets available.

Waterflow System

- Water flows through each brush tuft giving an even and thorough clean.
- Allows simultaneous brushing and washing.
- Brushes have specially softened ends for use on vehicles.
- Can be used with pressure washers, up to 80°C.

SUPERFLOW WATER BRUSH AND HANDLE
36-012

- Highly concentrated alkaline pressure washer additive, used at 0.8% dilution at the nozzle.
- Controlled foam level to ensure a free-rinsing finish and effective degreasing.
- Excellent for removing heavy layers of traffic film, grease and dirt, and ideal for removing built-up grease in the engine compartment.
- Recommended for cleaning vehicles involved in the transportation of meat and food stuffs, as it is odourless.

Less energy, lower noise...

NEW

Highly recommended for **Schools, Colleges and Universities**

- Hepaflo filtration raises cleaning standards and provides for clean and convenient emptying when full.
- New cable tidy system extends cable life and allows more efficient unwind/rewind.

Autosave 'Hi/Lo' switching system:

- Can provide potential energy savings of over 35%.
- Enables 60% more power if higher performance is required.
- Suction performance is ample at half power due to the specially modified Eco Floor Tool (NSP180 only).
- Operating in 'Lo' mode gives approx energy savings equivalent to switching off 10 light bulbs.
- Noise level is drastically reduced.

■ Compact machine

■ Highly manoeuvrable

■ Total weight only 18kg

- Includes pad drive for scrubbing, cleaning and polishing.
- Full range of brushes and pads allows machine to be used for all the primary floorcare functions.
- Extremely low profile enables effective cleaning under furniture.
- Smaller in size than standard machines, and is quick and easy to use without loss of performance.

LOLINE ULTRA COMPACT FLOORCARE MACHINE
39-015

- 2 speeds available:
Standard 150rpm - for scrubbing, stripping, scarifying and shampooing.
Medium (230rpm) - for scrubbing and spray cleaning, buffing and polishing
- Accessories included are an 18" drive board and brush. Three brush options available for either scrubbing, shampooing or stripping (please specify).
- Quality, well engineered, tried and tested machine.

ROTARY FLOOR BUFFER MACHINE STANDARD SPEED

39-069

MEDIUM SPEED

39-068

- Fully welded, superbly strong steel chassis.
- Available as battery or mains powered.
- Option of single or twin tank.

(Single tank option illustrated.)

450mm heavy duty scrubbing head.

User friendly, simple to operate.

TT3450 TWINTEC SCRUBBER DRYER 240V

39-031

TTB3450 TWINTEC SCRUBBER DRYER BATTERY

39-049

NEW

- Select either 55cm or 65cm scrubbing width - no tool adjustment required.
- Heavy duty spot cleaning feature allows operator to select 50Kg brush pressure overdrive if extra pressure is required.
- Exceptional cleaning performance.
- Low noise.
- Excellent manoeuvrability.

TTV5565 TWINTEC VARIO SCRUBBER DRYER

39-083

The Vispa is a revolutionary scrubber dryer offering single pass scrubbing, drying and sanitising.

The Vispa is ideal for replacing manual cleaning in small congested areas. Highly versatile the machine can be battery operated or mains powered.

- Excellent manoeuvrability
- Easy to transport – unique handle arrangement
- Cleans close to edges and into corners
- Simple and easy to maintain

The L20 is a walk behind scrubber dryer which is available either in either electric or battery versions with a disc brush of 51cm or 55cm working width.

- easy to use
- squeegee made of reinforced corrosion resistant plastic material
- easy maintenance
- easy to move

L20 WALK BEHIND SCRUBBER DRYER

39-167

Changing the way you think about cleaning

ASK FOR A FREE DEMO ON ANY OF OUR MACHINES

- Washes and Cleans Floors in a singles operation – saves time
- The new most versatile scrubbing machine – even fits under low benches & chairs
- Battery operated
- Fold down and lightweight – easy to move and store

FIMOP

00-000

- The Worlds most compact & manoeuvrable scrubber dryer.
- Stores easily in your cleaning cupboards taking up no more room than a mop bucket.
- Weighs only 22kg easy to transport to different areas.
- 18 inch cleaning width equal to large walk-behind machines.
- 22kg brush pressure equal to large ride on machines.
- Battery operated Lithium ion batteries made by LG offers 1 hour runtime and 1 hour recharge time. The machine can be used continuously with 2 battery sets.

IMOP SCRUBBER DRYER

00-000

Ride-on Scubber Dryers

- Use anywhere at any time as its silent and compact!
- Even fits into a lift.
- Low maintenance and highly efficient
- Eco mode for quiet cleaning.
- Min aisle turn 1540mm.
- Dimensions
L 1265 x H 1030 x W 600mm.

**Free
Demonstration
Free Training
Free Installation**
(inc. certificate)

Even fits into a lift!

Same cleaning width as walk behind but covers 3000 sq ft quickly

**COMAC BATTERY RIDE-ON
SCRUBBER DRYER**
39-154

Side wall impact protection.

- Allows entry through narrow doorways etc. and brushes will simply spring out.

- Seated position at the front allows a better view of people and objects in doorways and around corners.
- Cleans 3000sq.m per hour.
- Front wheel drive provides superb turning performance.
- User has complete control over operating programme - eg. cleaning speed, brush speed, waterflow, chemical mix.
- Wide selection of brush and pad options to suit every eventuality.
- Additional battery packs available to extend cleaning range as required.
- A selection of presets can be programmed to the memory for retrieval as required.

**TWINTEC VARIO RIDE-ON
SCRUBBER DRYER**
39-050

- Effective on all floor surfaces.
- Delivers only clean liquid onto the floor surface unlike a mop and bucket which can leave a grimy surface film.
- The unique design means the brushes work right into the corners and skirting.
- Simultaneously scrubs and dries in a single pass, considerably reducing operating time and risk of slippery floors.
- Average coverage of 350sq.m/hour (which is up to 3 times faster), with better quality results, than manual cleaning.
- Single handed operation in both forward and reverse.

DUPLEX 420 HARD FLOOR AND CARPET CLEANING MACHINE

KARCHER Professional Products

Scrubber drying
for cafes,
restaurants,
kitchens,
changing rooms,
toilets and
other areas

- Fits under changing room benches.
- Compact - similar size to an upright vacuum cleaner.
- Low head height enables access under low objects.
- Vacuum off facility enables deep cleaning of heavily soiled areas.
- Separate dirty and clean water tanks make emptying, refilling and cleaning safe and easy.
- Enables continuous use of clean water to clean floors.
- Continuous brush pressure and speed ensure a fast and even finish.
- High suction power leaves floors clean and dry in a single pass, floor is instantly usable after cleaning.
- Easy to transport.

SMALL AREA SCRUBBER DRYER
39-072

- Compact highly effective scrubber dryer.
- 2 high speed rollers.
- 2 suction squeegees for highly effective water suction.
- Easy to manoeuvre.
- Includes transport wheels.

DUAL BRUSH SCRUBBER DRYER
26-190

- High performance spray extraction.
- Easy to use.
- Strong and robust.

PUZZI 100 CARPET UPHOLSTERY CLEANER
26-545

- Chemical free hygiene.
- Very effective in kitchens, washrooms and hospitals.
- Continuous steam.
- Heats up quickly.

STEAM CLEANER
26-511

T10/1 DRY VACUUM CLEANER
39-060

- Compact and easy handling.
- High Cleaning performance.
- Reliable, for commercial use.

PRESSURE WASHER
26-756

- Compact and Agile.
- traction drive and powerful vacuum.
- Petrol or battery operated.
- Easy to maintain.

WALK BEHIND SWEEPER
39-081 Battery operated
39-079 Petrol operated
39-159 Battery for 39-081

Vacuums when flat enabling access under furniture.

Telescopic tube for all round cleaning.

- Upright vacuum cleaners are the most effective for carpets as they groom and lift the pile removing dirt effectively.
- Specifically designed for heavy duty applications.
- Low pushing weight for fatigue free operation.
- Comfortable handle grips minimise strain.
- Low noise level.
- Integrated hose for high level cleaning.
- 4 level height adjustment.
- Unique L-shaped head cleans right up to skirting boards.
- Features an override sensor which stops brush when obstructed, preventing motor burn-out.

SEBO BS36 UPRIGHT VACUUM CLEANER

39-016

HEPA VAC BAGS FOR V9 VICTOR
26-730 10 Bags/Unit

Highly recommended for **Schools, Colleges and Universities**

“We were unsure if it would be man enough for the job, but we used it for 2 weeks and it did a wonderful job”

(Academy FM)

- Compact machine - easy to store.
- Unique spin scrub technology.
- Excellent suction-can be used for floods and spills.
- Very effective cleaning.
- Upholstery tool kit included as standard.

VAX UPRIGHT CARPET CLEANER

39-128

Unique sweeping operation - first, two circular brooms cut the material away from the surface, then the sweeping roll takes in the dirt and transports it to the waste container.

Unique sweeping operation - two circular brooms grab the material directly in front of the machine and whisk it into the container positioned directly behind the brooms.

- Effective on dry or wet surfaces.
- Use outdoors for yards, pavements and car parks. Indoors for warehouses, halls and large carpeted areas.
- Sweeps up everything from fine sand and empty cans to wet or dry leaves.
- Easy to handle, quiet and uncomplicated.
- Latched waste container makes emptying simple.
- Variable sweeping pressure at the twist of a dial.
- Protruding disc brushes in front and on the side ensure optimal cleaning efficiency into corners.

MANUAL SWEEPER
26-205

Battery Operated

- The air duct system with dust filters and seals ensures dust free sweeping.
- Also functions as a manual sweeper in case of discharged battery.

Floor pads and applications

Black

Heavy duty stripping, with standard speed machine. Use on rough and reinforced concrete, tiled floors, natural stone.

Green

Light stripping, heavy scrubbing, with standard speed machine. Use on thermoplastics, rough and reinforced concrete, tiles, stone.

Blue

Light scrubbing, spray cleaning, with standard speed machine. Use on thermoplastics, concrete, tiled floors, natural stone.

Red

Spray cleaning method with high speed machine. Use on thermoplastics, concrete, tiled floors, natural stone.

White

Polishing, with spray burnishing method with high speed machine. Use on thermoplastics, protected floors.

Tan

Dry polishing and buffing with high speed machine. Use on rough and reinforced concrete, tiled floors, natural stone.

Top Tip

Use the push out centre piece to effectively clean the pad surface whilst rinsing with clean water.

Open web design promotes self-cleaning, minimise loading on machinery and easier maintenance.

83mm centre hole.

Long lasting layered design allows pad fibres to lie roughly parallel to the floor for improved performance.

25mm pad thickness.

Abrasive mixed with resin globules impregnated completely through the pad.

- Tough, resilient and long lasting for every floor maintenance job.
- Manufactured to exceed industry standards.
- Can be used on both sides with no loss of efficiency.
- Supplied with centre hole punch-out plug for easy attachment to floor machine.
- Each pad has its own mix of fibres and abrasives required for the specific floor maintenance task.

VERSACLEAN MINI TROLLEY

■ Size 1050 x 530 x 980mm.

VERSACLEAN MIDI TROLLEY

Shown with Allmops Press kit.

■ Size 1310 x 550 x 1070mm.

VERSACLEAN MAXI TROLLEY

Shown with MopMatic kit.

■ Size 1465 x 550 x 1110mm.

Why Versaclean?

- 1 Three sizes of modules available: **Mini**, **Midi** and **Maxi**, to which a vast range of accessories can be added to fulfill the majority of needs.
- 2 Constructed from **Structfoam** which is a material formed with a foam membrane between two layers of plastic and is extremely strong, durable and comparatively lightweight.
- 3 Accessories available in four colour options allowing for full colour coding system if required.
- 4 Module can be supplied with whichever mopping system is preferred - Kentucky or flat mop, double or single bucket systems.
- 5 The mop wringer system is a unique lever design, which is simpler and more effective than standard conventional gear press style systems that are more likely to fail.

2 Mopping systems

1. Allmop Press System

Wringer:

A unique wringer compatible with a range of mop styles.

The wringer can be used with kentucky or flat mops.

Buckets:

Twin 22 ltr clean (blue) and 15 ltr dirty (red) water buckets.

ALLMOP PRESS KIT (Wringer, 2 x Buckets)
40-181

For use with All Press System

2. MopMatic System

MopMatic System explained...

Allows operators to have an almost constant supply of clean uniformly impregnated mops.

Designed specifically to maintain floors in hygiene critical areas where standards are of utmost importance

- 1 Load the mop box with 10 clean mop heads (40-179 or 40-180 below)...
- 2 Pour your floor cleaning solution into the central automatic dispensing reservoir...
- 3 Snap on lid and leave for 15 minutes turn over and leave for another 15 minutes...
- 4 Remove lid and take out a mop head and attach to the mop frame...
- 5 After use place dirty mops in the red bucket and replace lid...

MOPMATIC KIT (Blue Mop Box, Red Bucket, c/w Lids)

■ 15L capacity
GALVANISED MOP BUCKET
40-077

- **Economic**
Built in portion control prevents overdosing.
- **Compact**
One piece bucket and wringer is easy to empty, clean and carry.
- **Ergonomic**
Higher wheels eliminates the need to bend over reducing the strain when wringing.
- **Effective**
Increased leverage due to higher wringer means greater pressure can be exerted when wringing out mops.
- **Hygienic**
Colour coded system.

Video

Non-gusset seal

Two layers of film are melted together.

Gusset seal

Four layers of film are melted together.

- Dispenses one sack at a time.
- Sack is on a roll, providing easy, trouble free dispensing.
- Strong cardboard carton.
- Non-gusseted (The weakest point of a bag is the gusset, where the bag is sealed at the bottom). Non-gusseted is stronger and less likely to tear. (See diagram)

Best Seller

Highly recommended for **Schools, Colleges and Universities**

- 100 litre capacity
- Universal appeal, suitable for a range of internal and external situations
- Double aperture providing easy 'walk by' access
- Strong and durable 'all in one body' moulding.
- New Tamper-resistant plunge locking
- Lift off lid for easy, all round access to liner
- Plastic liner as standard. Optional steel liner available
- Ballast Cartridge integral
- Available in range of colours

Dimensions: H:1075mm, Dia: 560mm

100L 2 WAY LOCKABLE LITTER BIN

43-122

100L 2 WAY LOCKABLE LITTER BIN C/W GALVANISED LINER

43-122A

This robust bin can be used outdoors and with several different colour apertures to meet your recycling requirements.

Dimensions

- Capacity - 100L
- Height - 955mm
- Width - 595mm
- Depth - 415mm

- Bright clear signage
- Robust stable design
- Manufactured in durable polypropylene
- Ergonomically designed with a pivot front to allow easy service access
- Various lids appropriate to all main recycling stream options in WRAP approved colours

100L OUTDOOR RECYCLING BIN

60-123

Outdoor Bin options – discuss your requirements with us

Deter wildlife with our new outdoor bin!

NEW

Highly recommended for **Schools, Colleges and Universities**

The only plastic litter bin in the UK with an inner steel reinforcing frame designed to prevent removal or overturning by vandals.

Chamfered edges to litter posting apertures ensures rubbish is directed into the liner without overspill between liner and outer case.

570mm

1000mm

Key-lock secures outer case to steel liner.

Made of 90% recyclable materials.

Removal of lockable outer case and liner allows cleaning of area beneath and around location of bin.

- An economic alternative to steel or stainless steel.
- Colour options: Blue, Green, Red, Yellow

90L 2 WAY HOODED LITTER BIN AND STEEL FRAME

Plastic cups

Flies spread disease!

To digest their food flies vomit on it.

Flies can carry up to 6,000,000 bacteria on their feet.

Flies go back and forth between filth and food.

Flies adapt readily to human environments.

Musca domestica (house fly) lays 600 to 1000 eggs in 2 months.

About 12 generations of flies are produced a year.

If a fly lands on your food it could leave behind excrement, vomit bacteria and germs which can cause food poisoning and other major health risks.

- Effective, hygienic and discreet.
- 25m² coverage.
- 18w tube.

Features:

- Hygienic 2-piece glueboard allows touch-free removal (see diagram).
- Flies crawl towards a light source. The unique sloped base encourages them to crawl into the flykiller and onto the glueboard.
- The conical shape of the shade causes flies to spin themselves onto the glueboard.
- The polypropylene shade gives a widespread even glow, resulting in a greater and more discreet catch.

FLYPOD INSECT KILLER

- Very comfortable, provides for product protection in addition to use as a glove liner.
- Size: universal.

COTTON STOCKINETTE KNITWRIST
50-023 10 Pairs/Unit

- Comfortable, seamless construction.
- Ribbed knitted wrist.
- Washable.
- Size: universal.

WHITE MIXED FIBRE
50-014 10 Pairs/Unit

- Tough PVC coating for good abrasion protection.
- Soft cotton liner.
- Waterproof.
- Size: 9/large.

PVC FULLY COATED KNITWRIST
50-019 12 Pairs/Unit

- Extremely tough and difficult to tear.
- Webbed PVC criss cross pattern for improved wet/dry grip.
- Open construction allows hands to breathe.
- Size: universal.

YELLOW CRISS CROSS
50-024 10 Pairs/Unit

- Economic protection for all low risk applications.
- Crinkled finish for enhanced wet/dry grip.
- Waterproof latex keeps hands dry.
- Elasticated cuff.
- Size: universal.

STANDARD LATEX GRISTLE
50-013 12 Pairs/Unit

- Excellent wet or dry grip.
- Light and flexible for maximum dexterity.
- Comfortable, seamless knitted liner.
- Size: 9/large.

LATEX PALM COATED KNITWRIST
50-002 10 Pairs/Unit

- Tough PVC coating.
- Flared for easy donning and removal.
- Soft cotton liner.
- Size: universal.
- Two lengths available.

PVC 45CM GAUNTLET
50-021 (Pair)

Minimal risk

- Elastic tensioner.
- Knuckle strap.
- Size: universal.

FURNITURE HIDE RIGGER
50-004 10 Pairs/Unit

Minimal risk

- Slip resistant pattern on palm.
- 320mm length.
- Flock lined.
- Size: 8/med, 9/large, 10/extra large.

BLACK HEAVYWEIGHT RUBBER
50-056 Per Pair

Minimal risk

- Soft flexible premium leather.
- Thick felt lining for insulation and comfort.
- Elasticated back for snug fit.
- Size: large.

DELUXE DRIVERS GLOVE
50-022 (Pair)

Minimal risk

- Slip resistant pattern on palm.
- Lightweight and flexible.
- Flock lined.
- Size: 7/small, 8/medium, 9/large, 10/extra large.
- Colour options: Blue, Red, Yellow.

MEDIUM WEIGHT RUBBER
50-030 Per Pair

Minimal risk

- Seamless and knitted for durability.
- Hollow core fibres for excellent insulation.
- Made from Dupont Thermolite yarn.
- Gloves dry 50% faster than cotton.
- Can be used alone or as a glove liner.
- Size: 9/large.

THERMAL GLOVE
50-045 12 Pairs/Unit

Minimal risk

4101

- Slip resistant pattern on palm.
- Flock lined.
- 310mm length.
- Protects against most solvents inc. petroleum.
- Size: 7/small, 8/medium, 9/large, 10/extra large.

GREEN NITRILE
50-035 12 Pairs/Unit

Minimal risk

4544

- Premium cut resistance.
- 100% Kevlar knitted liner.
- Latex coating enhances grip in wet or dry.
- Excellent dexterity.
- Size: 9/large.

LATEX COATED KEVLAR
50-010 10 Pairs/Unit
14" KEVLAR SLEEVES
50-011 (Pair)

Minimal risk

4102

- High resistance to hydrocarbons.
- Provides forearm protection.
- Slip resistant pattern on palm.
- 460mm length.
- Chlorinated interior and exterior for easy donning.
- Size: 9/large.

ELBOW LENGTH NITRILE
50-036 (Pair)

- Innovative 'X' emboss reduces pressure on ear canal.
- Comfortable - even for extended use.
- Sealed surface reduces potential for contamination.
- SNR 33dB.

COM4-FIT UNCORDED
51-012 200 Pairs/Unit

- Highly visible and metal detectable.
- Disposable.
- Comfortable even for extended use.
- Sealed surface reduces potential for contamination.
- SNR 37dB.

X-FIT DETEC CORDED
51-013 100 Pairs/Unit

Standard Dust Masks

- Reliable and cost effective.
- Polypropylene outer layer provides smooth lining and avoids loose fibres.
- Embossed fringe seal avoids fluffy open layers around the edges.
- Latex free synthetic rubber head strap.
- Contour design ensures the compatibility of glasses/goggles and reduces fogging.
- Soft close-cell nose foam and adjustable nosepiece ensure custom shape and increased wearer comfort.

Purofort Wellington Boots

Purofort wellingtons are manufactured from polyurethane, a foam that consists of millions of microscopic air bubbles, giving the following features:

- 35% lighter than conventional boots, reducing fatigue.
- Flexible and supple, even at low temperatures.
- Lasts two or three times longer than conventional boots.
- Extremely comfortable, warm in winter, cool in summer.
- Chemical, oil and fat resistant.
- Shock absorbing.

STANDARD TERMS AND CONDITIONS OF SALE**1. Interpretation**

1.1 The definitions and rules of interpretation in this condition apply in these conditions.

Business Day: a day (other than a Saturday, Sunday or public holiday) when banks in London are open for business;

Buyer: the person, firm or company who purchases the Goods from the Company;

Company: Summit Hygiene; Contract: any contract between the Company and the Buyer for the sale and purchase of the Goods;

Delivery Point: the place where delivery of the Goods is to take place under condition 4;

Goods: any goods agreed in the Contract to be supplied to the Buyer by the Company (including any part(s) of them);

Limit of Indemnity: currently the maximum amount of £2,000,000 for all occurrences during any one period of insurance;

VAT: value added tax chargeable under English law for the time being and any similar additional tax.;

Reference to a law is reference to it as it is in force for the time being taking account of any amendment, extension,

application or re-enactment and includes any subordinate legislation for the time being in force made under it.

Words in the singular include the plural and in the plural include the singular.

Reference to one gender includes reference to the other.

Condition headings do not affect the interpretation of these conditions.

2. Application of Terms

2.1 Subject to any variation under condition 2.3 the Contract shall be on these conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Buyer purports to apply under any purchase order, confirmation of order, specification or other document).

2.2 No terms or conditions endorsed on, delivered with or contained in the Buyer's purchase order, confirmation of order, specification or other document shall form part of the Contract as a result of such document being referred to in the Contract.

2.3 These conditions apply to all the Company's sales and any variation to these conditions and representations about the Goods shall have no effect unless expressly agreed in writing and signed by a director of the Company. The Company's sales representatives have no authority to accept, vary or amend any of these conditions. The Buyer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of the Company which is not set out in the Contract. Nothing in this condition shall exclude or limit the Company's liability for fraudulent misrepresentation.

2.4 Each order or acceptance of a quotation for Goods by the Buyer from the Company shall be deemed to be an offer by the Buyer to buy Goods subject to these conditions.

2.5 No order placed by the Buyer shall be deemed to be accepted by the Company until a written acknowledgement of order is issued by the Company or (if earlier) the Company delivers the Goods to the Buyer.

2.6 The Buyer shall ensure that the terms of its order and any applicable specification are complete and accurate.

2.7 Any quotation is given on the basis that no Contract shall come into existence until the Company despatches an acknowledgement of order to the Buyer. Any quotation is valid for the period set out on the quotation or, in the absence thereof for 30 days, provided that the Company has not previously withdrawn it.

3. Description

3.1 The quantity and description of the Goods shall be as set out in the Company's quotation or acknowledgement of order.

3.2 All samples, drawings, descriptive matter, specifications and advertising issued by the Company and any descriptions or illustrations contained in the Company's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Goods described in them. They shall not form part of the Contract and this is not a sale by sample.

4. Delivery

4.1 Unless otherwise agreed in writing, delivery of the Goods shall take place at the Buyer's usual place of business. The costs of delivery are included in the Price of the Goods, unless the order is below £100. An additional £10 administration charge shall be included on orders below £100. However deliveries to Northern Ireland, Scottish Highlands, Offshore Islands and Europe are subject to a delivery charge which will be calculated at the Company's discretion at the time of order.

4.2 Any dates specified by the Company for delivery of the Goods are an estimate and time for delivery shall not be made of the essence by notice. If no dates are specified, delivery shall be within a reasonable time.

4.3 Subject to the other provisions of these conditions the Company shall not be liable for any direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and similar loss), costs, damages, charges or expenses caused directly or indirectly by any delay in the delivery of the Goods (even if caused by the Company's negligence), nor shall any delay entitle the Buyer to terminate or rescind the Contract unless such delay exceeds three months.

4.4 If for any reason the Buyer fails to accept delivery of any of the Goods, or the Company is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations: (a) risk in the Goods shall pass to the Buyer (including for loss or damage caused by the Company's negligence); and (b) the Goods shall be deemed to have been delivered; or (c) the Company may store the Goods until delivery, whereupon the Buyer shall be liable for all related costs and expenses (including, without limitation, storage and insurance).

4.5 The Buyer shall provide at the Delivery Point and at its expense adequate and appropriate equipment and manual labour for loading or unloading of the Goods.

4.6 The Company may cancel delivery if the Company believes it would be unsafe unlawful, unnecessarily or difficult to deliver to the Delivery Point and delivery shall take place upon the return of the Goods to the Company's place of business.

4.8 The Company may deliver the Goods by separate instalments.

Each separate instalment shall, subject to condition 4.9, be invoiced and paid for in accordance with the provisions of the Contract.

4.9 Each instalment shall be a separate Contract and no cancellation or termination of any one Contract relating to an instalment shall entitle the Buyer to repudiate or cancel any other Contract or instalment.

5. Non-Delivery

5.1 The quantity of any consignment of Goods as recorded on despatch from the Company's place of business shall be conclusive evidence of the quantity received on delivery unless the Buyer can provide conclusive evidence proving the contrary.

5.2 The Company shall not be liable for any non-delivery of Goods (even if caused by the Company's negligence) unless the Buyer gives written notice to the Company of the non-delivery within 7 days of the date when the Goods would in the ordinary course of events have been delivered.

5.3 Any liability of the Company for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata Contract rate against any invoice raised for such Goods.

6. Risk/Title

6.1 The Goods are at the risk of the Buyer from the time of delivery.

6.2 Where applicable, risk in transit shall remain with the Company until delivery at the Delivery Point provided that in the event of any damage to the Goods during transit the Company will replace any goods proved to the Company's satisfaction to have been damaged in transit subject to having received from the Buyer within 48 hours after delivery notification in writing of the occurrence of the damage and also, if and so far as practicable, of its nature and extent.

6.3 Ownership of the Goods shall not pass to the Buyer until the Company has received in full (in cash or cleared funds) all sums due to it in respect of: (a) the Goods; and (b) all other sums which are or become due to the Company from the Buyer.

6.4 Until ownership of the Goods has passed to the Buyer, the Buyer shall: (a) hold the Goods on a fiduciary basis as the Company's bailee; (b) store the Goods (at no cost to the Company) separately from all other goods of the Buyer or any third party in such a way that they remain readily identifiable as the Company's property; (c) not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods; and (d) maintain the Goods in satisfactory condition and keep them insured on the Company's behalf for their full price against all risks to the reasonable satisfaction of the Company. On request the Buyer shall produce the policy of insurance to the Company.

6.5 The Buyer may resell the Goods before ownership has passed to it solely on the following conditions: (a) any sale shall be effected in the ordinary course of the Buyer's business at full market value; and (b) shall be a sale of the Company's property on the Buyer's own behalf and the Buyer shall deal as principal when making such a sale.

6.6 The Buyer's right to possession of the Goods shall terminate immediately if: (a) any of the matters set out in condition 11.1 (a) to (c) occur; or (b) the Buyer encumbers or in any way charges any of the Goods.

6.7 The Company shall be entitled to recover payment for the Goods notwithstanding that ownership of any of the Goods has not passed from the Company.

6.8 The Buyer grants the Company its agents and employees an irrevocable licence at any time to enter any premises where the Goods are or may be stored in order to inspect them or where the Buyer's right to possession has terminated, to recover them.

6.9 Where the Company is unable to determine whether any Goods are the goods in respect of which the Buyer's right to possession has terminated, the Buyer shall be deemed to have sold all goods of the kind sold by the Company to the Buyer in the order in which they were invoiced to the Buyer.

6.10 On termination of the Contract the Company's (but not the Buyer's) rights in this condition 6 shall remain in effect.

7. Price

7.1 Unless otherwise agreed by the Company in writing, the price for the Goods shall be the price set out in the Company's price list published on the date of delivery or deemed delivery.

7.2 The price for the Goods shall be exclusive of any VAT which the Buyer shall pay when it is due to pay for the Goods.

7.3 The Company reserves the right, by giving written notice to the Buyer at anytime before delivery, to increase the price of the Goods to reflect any increase in the cost to the Company which is due to any factor beyond the reasonable control of the Company (including without limitation, any increase in packaging, insurance, transportation costs, costs of labour, materials or other costs of manufacture, taxes, tariffs or import duties (where applicable) or changes in legislation or regulations) or any changes in delivery dates, quantities or specifications for the Goods which are requested by the Buyer or any delay caused by failure of the Buyer to give the Company adequate information or instructions.

7.4 The Buyer agrees and acknowledges that the price for the Goods is based upon the limitations of liability set out in conditions 3 and 10 and upon the limited warranties given in condition 9.

8. Payment

8.1 Subject to condition 8.4 and unless otherwise agreed by the Company in writing, payment of the price for the Goods is due in pounds sterling 28 days from the day on which the Goods are delivered or deemed to be delivered.

8.2 Time for payment shall be of the essence.

8.3 No payment shall be deemed to have been received until the Company has received cleared funds.

8.4 All payments payable to the Company under the Contract shall become due immediately on its termination.

8.5 The Buyer shall make all payments due under the Contract in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Buyer has a valid court order requiring an amount equal to such deduction to be paid by the Company to the Buyer. The Buyer shall not be entitled to withhold any payments due under the Contract because of a disputed claim of any nature.

8.6 If the Buyer fails to pay the Company any sum due pursuant to the Contract:

8.6.1 the Buyer shall be liable to pay interest to the Company on such sum from the due date for payment at the annual rate of 4% above the base lending rate from time to time of the Royal Bank of Scotland, accruing on a daily basis until payment, before or after any judgment but the Company reserves the right to interest under the Late Payment of Commercial Debts (Interest) Act 1998; and

8.6.2 the Company shall be entitled to suspend or cancel all future deliveries of Goods to the Buyer.

8.7 In the event that any variation is agreed between the Company and the Buyer regarding payment terms, which results in credit terms being extended to the Buyer, any such variation will cease and the amount of any debt owed will be payable forthwith on the occurrence of any of the matters set out in condition 11.1 (a) to (c).

8.8 Without prejudice to any other right or remedy of the Company any payment by the Buyer, which results in a cheque being referred to the drawer for whatever reason, will incur a charge of £50.00 plus VAT per cheque payable by the Buyer.

8.9 The Company may apply all or any part of any sum owing by the Company its subsidiaries or associates to the Buyer in relation to any matter in or towards payment of any sum owing to the Company. For this purpose references to the Company or the Buyer include any company which is a holding company, subsidiary or associate of the Company or the Buyer respectively.

8.10 The Company may appropriate any payment made by the Buyer to the Company against amounts that are owed by the Buyer to the Company for the longest period not withstanding any prior appropriation of that payment by the Buyer.

9. Quality

9.1 The Company warrants that (subject to the other provisions of these conditions) on delivery the Goods shall:

(a) be of satisfactory quality within the meaning of the Sale of Goods Act 1979;

(b) be reasonably fit for any particular purpose for which the Goods are being bought if the Buyer had made known that purpose to the Company in writing and the Company has confirmed in writing that it is reasonable for the Buyer to rely on the skill and judgement of the Company. For the avoidance of doubt, the warranties given in this condition 10.1 are given in lieu and exclude the operation of the implied terms as to satisfactory quality and fitness for purpose in the Sale of Goods Act 1979, to the fullest extent permitted by law.

9.2 The Company shall not be liable for a breach of any of the warranties in condition 9.1 unless:

(a) the Buyer gives written notice of the defect to the Company within 14 days of the time when the Buyer discovers or ought to have discovered the defect, whichever is the earlier; and

(b) the Company is given a reasonable opportunity after receiving the notice of the defect from the Buyer of examining such Goods and the Buyer (if asked to do so by the Company) returns such Goods to the Company's place of business for the examination to take place there.

9.3 The Company shall not be liable for a breach of any of the warranties in condition 9.1 if:

(a) the Buyer makes any further use of such Goods after giving such notice; or

(b) the defect arises because the Buyer failed to follow the Company's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice; or

(c) the Buyer carries out, repairs itself or brings about changes in the nature, composition or packaging of the Goods delivered, or has these carried out or brought about by third parties, or if the Goods delivered are used improperly or for any purpose other than that for which they are meant or are marinated and/or stored

- improperly or contrary to any agreed or legal regulations or if the defect of the Goods can be ascribed to the other party in any way.
- 9.4 Subject to condition 9.2 and 9.3, if any of the Goods do not conform with any warranties in condition 9.1 the Company shall at its option replace such Goods (or the defective part) or refund the price of such Goods at the pro rata Contract rate provided that, if requested, the Buyer shall return the Goods or the part of such Goods which is defective to the Company.
- 9.5 If the Company complies with condition 9.4 it shall have no further liability for a breach of any of the warranties in condition 9.1 in respect of such Goods and any Goods replaced shall belong to the Company.

10. Limitation of Liability

- 10.1 Subject to conditions 4, 5 and 9, the following provisions set out the entire financial liability of the Company (including any liability for the acts or omissions of its employees, agents and sub-contractors) to the Buyer in respect of:
- any breach of these conditions;
 - any use made or resale by the Buyer of any of the Goods, or of any product incorporating any of the Goods; and
 - any representation, statement or tortious act or omission including negligence arising under or in connection with the Contract.
- 10.2 All warranties, conditions and other terms implied by statute or common law (save for the conditions implied by section 12 of the Sale of Goods Act 1979 or section 2(3) of the Supply of Goods and Services Act 1982, whichever Act applies to the Contract) are, to the fullest extent permitted by law, excluded from the Contract.
- 10.3 Nothing in these conditions excludes or limits the liability of the Company:
- for death or personal injury caused by the Company's negligence; or
 - under section 2(3) Consumer Protection Act 1987; or
 - for any matter which it would be illegal to attempt to exclude its liability; or
 - for fraud or fraudulent misrepresentation.
- 10.4 Subject to condition 10.2 and condition 10.3 the Company's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the Contract price plus 100% of the sum of £50,000 (whichever is the greater).
- 10.5 In the event that the limitation on liability set out in condition 10.4 is found by any court, tribunal or administrative body of competent jurisdiction to be illegal, invalid, void, voidable, unenforceable or unreasonable then subject to condition 10.2 and condition 10.3 the Company's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the Limit of Indemnity remaining from time to time in accordance with the Company's public/products liability insurance (policy number 005273243 or such other limit of indemnity as may apply to any replacement or amended public/products liability insurance effected by the Company from time to time, in either case a copy of which shall be provided to the Buyer on request).
- 10.6 Subject to condition 10.2 and 10.3 the Company shall not be liable to the Buyer for loss of profit, loss of business, or depletion of goodwill in each case whether direct, indirect or consequential, or any claims for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the Contract.

11. Termination

- 11.1 The Company may terminate the Contract without liability to the Buyer immediately (or following such period as it sees fit) by giving notice to the Buyer if:
- the Buyer fails to pay any amount due under the Contract on the date for payment and remains in default for more than 7 days; or
 - the Buyer commits a breach of any term of the Contract and (if remediable) fails to remedy that breach in 14 days; or
 - the Buyer repeatedly breaches any of the Contract in such a manner as to reasonably justify the opinion that its conduct is inconsistent with having the intention or ability to give effect to the terms of the Contract; or
 - the Buyer suspends or threatens to suspend payment of its debts or is unable to pay its debts as they fall due or admits inability to pay its debts or is deemed either unable to pay its debts (being a company within the meaning of section 123 of the Insolvency Act 1986) or as having no reasonable prospect of so doing within the meaning of section 268 of the Insolvency Act 1986 or in the case of a partnership has any partner to whom foregoing applies; or
 - the Buyer commences negotiations with any of its creditors with a view to rescheduling any of its debts, or makes a proposal for or enters into any compromise or arrangement with its creditors; or
 - a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the winding up of the Buyer; or
 - an application is made to court, or an order is made, for the appointment of an administrator or if a notice of intention to appoint an administrator is given or if an administrator is appointed over the Buyer; or
 - a floating charge holder over the assets of the Buyer has become entitled to appoint or has appointed an administrative receiver; or
 - a person becomes entitled to appoint a receiver over the assets of the Buyer or a receiver is appointed over the assets of the Buyer; or
 - the Buyer, being an individual, is the subject of a bankruptcy petition or order; or

- a creditor or encumbrancer of the Buyer attaches or takes possession of, or a distress, execution, sequestration or other such process is levied or enforced on or sued against, the whole or any part of its assets and such attachment or process is not discharged within 14 days; or
 - any event occurs, or proceeding is taken, with respect to the Buyer in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in condition 11.1(d) to condition 11.1(k) (inclusive); or (m) the Buyer suspends or ceases, or threatens to suspend or cease, to carry on all or a substantial part of its business; or (n) the Buyer, being labour disputes (whether or not relating to either party's workforce), failure of sub-contractors or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, provided that, if the event in question continues for a continuous period in excess of six months, the Buyer shall be entitled to give notice in writing to the Company to terminate the Contract an individual, dies or, by reason of illness or incapacity (whether mental or physical), is incapable of managing his or her own affairs or becomes a patient under any mental health legislation; or (o) there is a change of control of the Buyer.
- 11.2 In the event of termination in accordance with condition 11.1 or of any order being cancelled by the Buyer, the Buyer shall indemnify the Company against all loss (including profits) costs (including labour and overheads) and all other expenses and damages reasonably and properly incurred by the Company in connection with the Contract and its termination.

12. Assignment

- 12.1 The Company may assign the Contract or any part of it to any person, firm or company.
- 12.2 The Buyer shall not be entitled to assign the Contract without the prior written consent of the Company. The Company shall not be deemed to have accepted an assignment of the Contract due to any circumstance or pursuant to any act or omission of the Company including, without limitation, the acceptance of payments or obligations under the Contract from a third party.

13. Force Majeure

The Company reserves the right to defer the date of delivery or to cancel the Contract or reduce the volume of the Goods ordered by the Buyer (without liability to the Buyer) if it is materially prevented from or delayed in the carrying on of its business due to circumstances beyond the reasonable control of the Company including, without limitation, acts of God, governmental or regulatory actions (including orders preventing the movement of Goods), changes in legislation or codes of practice, war or national emergency, acts of terrorism, protests, riot, civil commotion, fire, explosion, flood, epidemic, lock-outs, strikes or other labour disputes (whether or not relating to either party's workforce), failure of sub-contractors or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, provided that, if the event in question continues for a continuous period in excess of six months, the Buyer shall be entitled to give notice in writing to the Company to terminate the Contract.

14. Returns Policy

- 14.1 Without prejudice to clauses 4, 5, 9 and 10, or the statutory rights of the Buyer:
- any Goods returned which are not included in the Company's catalogue and have been obtained by the Company at the request of the Buyer will only be refunded in the absolute discretion of the Company;
 - in respect of any Goods returned where Orders are placed via mail, phone, fax or the internet, which have been cancelled within seven days of receiving the Goods, the Company will refund the price of the Goods in full;
 - where an Order has been cancelled within 28 days of receiving the Goods, the Company will examine the returned Goods within a reasonable time. Where Goods are found to be defective, the price of the Goods will be refunded in full
 - where Goods returned in accordance with clause 14.1(c) are found not to be defective, the Company reserves the right to deduct a re-stocking charge of 20% of the Price of the Goods from any refund to the Buyer.
- 14.2 All Goods must be returned unused, in their original packaging and in a re-saleable condition (to be determined in the Company's absolute discretion) and that the Buyer will be responsible for the costs of returning the Goods to the Company. Costs of delivery to the Buyer (if any) will not be refunded.

15. General

- 15.1 Each right or remedy of the Company under the Contract is with out prejudice to any other right or remedy of the Company.
- 15.2 If any provision of the Contract is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness be deemed severable and the remaining provisions of the Contract and the remainder of such provision shall continue in full force and effect.
- 15.3 Failure or delay by the Company in enforcing or partially enforcing any provision of the Contract shall not be construed as a waiver of any of its rights under the Contract.
- 15.4 Any waiver by the Company of any breach of, or any default under, any provision of the Contract by the Buyer shall not be deemed a waiver of any subsequent breach or default and shall in no way affect the other terms of the Contract.

- 15.5 The parties to the Contract do not intend that any term of the Contract shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person that is not a party to it.
- 15.6 The formation, existence, construction, performance, validity and all aspects of the Contract shall be governed by English law and the parties submit to the exclusive jurisdiction of the English courts.

16. Communications

- 16.1 All communications between the parties about the Contract shall be in writing and delivered by hand or sent by pre-paid first class post or sent by fax:
- (in case of communications to the Company) to its registered office or such changed address as shall be notified to the Buyer by the Company; or
 - (in the case of the communications to the Buyer) to the registered office of the addressee (if it is a company) or (in any other case) to any address of the Buyer set out in any document which forms part of the Contract or such other address as shall be notified to the Company by the Buyer.
- 16.2 Communications shall be deemed to have been received:
- if sent by pre-paid first class post, two days (excluding Saturdays, Sundays and holidays) after posting (exclusive of the day of posting); or
 - if delivered by hand, on the day of delivery; or
 - if sent by fax on a working day prior to 4.00 pm, at the time of transmission, otherwise the next working day.
- 16.3 Communications addressed to the Company shall be marked for the attention of a director or the directors of the Company.

17. Confidentiality

The Buyer shall each keep confidential and shall not without the prior consent in writing of the other disclose to any third-party any technical or commercial information which it has acquired from the other as a result of discussions, negotiations and other communications between them relating to the Goods and the Contract.

Important Notes on Product Information

The specification and description of goods in this catalogue are correct to the best of Summit Hygiene knowledge at the time of going to press. In accordance with the company's policy of continual improvement and in view of rights claimed by manufacturers' to change specification without notice, customers are advised to check any information they are to depend on at the point of purchase.

Pricing may change without notice.
